Professional Summary

Computer and Communications Engineering student at Alexandria University specializing in Data Analytics, Artificial Intelligence, and Software Engineering. Experienced in building analytics and machine learning solutions using Python, SQL, Power BI, ETL pipelines, Gradio, and Hugging Face Spaces through national training programs and competitive projects. Ranked 1st in the DEPI Retail Analysis track and 4th overall among Alexandria Round 3 projects. Passionate about AI applications, business intelligence, and data-driven problem solving.

Technical Skills

- **Programming Languages:** Python, Java, C, SQL, C++ (Basic)
- **Data & Analytics:** Data Cleaning, Data Visualization , Excel
- **Machine Learning & AI:** Machine Learning intro Fundamentals, Hugging Face Spaces
- **Databases:** MySQL, SQL Server
- **Tools & Technologies:** Git, GitHub, Google Data Studio, Arduino, AutoCAD
- **Concepts:** Object-Oriented Programming, Data Structures, Business Intelligence, Data Analysis
- **Soft Skills:** Problem Solving, Teamwork, Communication, Time Management

Experience & Training

Digital Egypt Pioneers Initiative (DEPI) – Data Analyst Specialist Trainee
Alexandria, Egypt | 06/2025 – 12/2025

- Participated in a national MCIT training program focused on Data Analytics and Business Intelligence.
- Worked with Python, SQL, Excel, Power BI, ETL pipelines, and data visualization techniques.
- Collaborated on analytics projects involving data warehousing, OLAP modeling, dashboard development .

National Telecommunication Institute (NTI) – Machine Learning Summer Training
Egypt | 2025

- Successfully completed intensive Machine Learning training with a final score of 85%.
- Studied supervised and unsupervised learning techniques including Regression, SVM, KNN, Decision Trees, Random Forests, PCA, and Neural Networks.
- Collaborated on developing and deploying the MNIST Gradio App using Python, Gradio, Hugging Face Spaces, and GitHub.

Summer Training – Artificial Intelligence | WE Telecom Egypt
Alexandria, Egypt | 07/2025

- Studied Artificial Intelligence and Machine Learning fundamentals through practical training sessions.
- Developed a diabetes prediction system by evaluating and comparing multiple machine learning models.

Projects

Retail Analytics & Business Intelligence Platform | DEPI Graduation Project | 2025
Tech Stack: Python, SQL, Power BI, Machine Learning, ETL, OLAP

- Built an end-to-end retail analytics solution covering ETL automation, data warehousing, OLAP modeling, and business intelligence dashboards.
- Used Python, SQL, Machine Learning, and Power BI to analyze retail performance and generate business recommendations.
- Achieved 1st Place in the Retail Analysis track and ranked 4th overall among all DEPI Round 3 projects in Alexandria.

MNIST Gradio App | Machine Learning Project | 2025
Tech Stack: Python, Gradio, Hugging Face Spaces, GitHub

- Developed and deployed a web-based handwritten digit classification application using Python and Gradio.
- Integrated the application with Hugging Face Spaces for online deployment.
- Managed GitHub repository workflows and validated application functionality.

Java-Based Social Media Platform | 2024
Tech Stack: Java, OOP, Data Structures, Git

- Developed a desktop social media application using Java and Object-Oriented Programming principles.
- Implemented user authentication, profile management, messaging system, notifications, and friend interactions.

Volunteer Experience

AYDA Student Organization – Marketing Team Member | 2025

- Contributed to organizing a large-scale educational celebration event for more than 2,000 attendees.
- Collaborated on seating layout planning and event organization using AutoCAD.

Education

Bachelor of Engineering in Computer and Communications Engineering
Alexandria University, Egypt | 2022 – Expected 2027

Certifications & Awards

- 1st Place – DEPI Retail Analysis Track (2025)
- 4th Place Overall – DEPI Round 3 Alexandria Projects (2025)
- NTI Machine Learning Summer Training Certificate (2025)
- Beaver Egypt Competition Scholarship – MCIT & AASTMT (2019)
